Take the Country Road to a Happy Home! Welcome to an impeccably maintained non HOA home just a short 25 minutes from Brunswick Beaches and surrounded by multiple golf courses. Also, very convenient to Myrtle Beach Airport and attractions. Situated on nearly 3/4 of an acre, and on a level lot, this home has room to spread out and is in turn key condition. A massive kitchen loaded with cabinetry and equipped with an oversized refrigerator/freezer. With LVP flooring throughout most of the home, this is the ideal 'easy-clean' home! The closet space in this home is absolutely amazing, with huge walk-in closets and loaded with storage and huge attic space. A very elegant feel in the great room and formal dining room with tasteful archways and rounded corners, and a charming electric fireplace with stacked stone veneer and recessed TV insert. The primary suite is equally impressive and roomy with more walk-in closet space and a spectacular bath with all the luxury of a much more costly home, complete with an impressive walk-in shower and huge soaking tub and double vanity. Lets not forget the updated metal roof, and the lovely outdoor living area with a large rear deck, a ground level front sitting area, and a serene wide open landscape. Home is equipped with a fully permitted 2 unit carport, huge concrete driveway and apron, and an oversized garden shed and a wonderful gardening station for the green thumb.
